BeDazzle™ Gloss Pressing Sheet

FOR INK JET TRANSFERS

MSP BeDazzle™ Gloss Pressing Sheets are used with inkjet printed images for both light and dark colored fabrics to produce a shiny, high gloss finish. When using sublimation inks, the printed image may transfer onto the Digital Glossing sheet.

Instructions for use with Inkjet for Dark Fabrics:

1. After printing the transfer, peel off the release liner and place the printed transfer, image side up on the fabric.
2. Place the Glossing Sheet, shiny side down, over the printed transfer.
3. Press with your **normal time and temperature**
4. Remove the garment from the heat press and allow it to cool completely BEFORE removing the Glossing Sheet.

Instructions for use with Inkjet for Light Fabrics:

1. **Transfer your image as normal.**
2. Peel off the backing paper
3. Place the Glossing Sheet, shiny side down, over the printed transfer.
4. Press again – for only **5 seconds.**
5. Remove the garment from the heat press and allow it to **cool completely BEFORE** removing the Glossing Sheet.

DARK FABRICS
TIME: follow transfer paper instr.
TEMPERATURE: follow transfer paper instr.
LIGHT FABRICS
TIME: **Additional 5 SEC.**
TEMPERATURE: follow transfer paper instr.

For Use With:

Ink Jet

Heat Press

Hand Iron

White or Light Color

Dark Color

IMPORTANT
We thoroughly test each of our products on various substrates using different transfer equipment. However, it is impossible for us to duplicate all variables using all substrates and transfer equipment. Therefore, it is essential that you test the paper prior to production using your equipment, methods, and substrate material. Heat presses vary in accuracy. Conduct tests to determine the best time and temperature to use with your equipment. Please keep in mind that the Seller's and Manufacturer's maximum obligation shall be to replace any paper that has proven to be defective. Neither the Seller nor the Manufacturer shall be liable for any injury, direct or consequential, arising out of the use of, or inability to use this paper.
