

## MSP Printable Magnet Sheets

Create store signs, message boards, calendars, Photo Magnets

### Product Description:

**MSP Printable Magnet Sheets** are high quality, matte white finish, and photo quality paper on a magnetic sheet. Print on MSP magnetic sheets with standard inkjet printers that apply dye or pigment based inks. MSP Printable Magnet Sheets work with most desktop inkjet printers. These magnetic sheets do not work with laser printers due to the heat within the printer.

**MSP Printable Magnet Sheets** can be used to create colorful signs and graphics that will adhere to magnetically receptive surfaces. This material is ideal for school, home, office and church use. Show off your baby photographs; create P.O.P. displays, to-do lists, message boards, calendars or signs. You are only limited by your imagination.

**MSP Printable Magnet Sheets** can be cut down to create smaller magnets. A straight edge, knife or scissors are all you need to make thousands of shapes to suit any project. MSP Printable

Magnet Sheets are for indoor use only.

**MSP Printable Magnet Sheets** can be used with printers that keep the paper flat or nearly flat during the printing process. Front feed printers that pull the paper from the front and wrap it around a roller before printing also work with this material. Consult your printer instructions for correct paper setting weight, before using this paper.

**NOTE:** Read instructions carefully.

### Technical Description:

- Ideal for decorations, photo frames, to-do lists, photographs
- Matte coated produces vivid color and photo printing
- Create custom magnets for your refrigerator and magnet boards

### Print Instructions:

Feed one sheet at a time through inkjet printer. MSP Printable Magnet Sheets print on the white, matte finish side of the material. DO NOT print

on the magnet side.
